60-Day Sprint Experience

Try select PCS VisionSM Smart Devices and PCS Connection CardsTM from Sprint for 60 days.

PCS VisionSM Smart Devices and PCS Connection CardsTM from Sprint make it easy for your employees to stay connected to the people and information they need to be productive while working away from the office on the Sprint Nationwide PCS Network. Now, when your company purchases one of the following PCS Vision Smart Devices or PCS Connection Cards from Sprint, your employees can try it for up to 60 days. If not fully satisfied, you can return the device within 60 days of purchase and receive a full refund of the net purchase price.

PCS Vision Smart Devices

PCS Vision Smart Devices are ideal for your employees to send and receive email or access the company network via PCS Business ConnectionSM. Employees can also use these innovative PCS Vision Smart Devices to quickly connect to the Internet and perform time-critical business tasks while working away from the office.

PCS Connection Cards

With PCS Connection Cards, your employees can quickly access the Internet or company network through their laptops, select digital cameras and other wireless devices. Data speeds average 50–70 Kbps with a peak speed of 144 Kbps while on the advanced Sprint Nationwide PCS Network. All PCS Connection Cards work with laptop computers using Windows® 98SE/2000/ME/XP and most are compatible with select Windows® Pocket PCs.

PCS Connection Card™
by Novatel Wireless™ (Merlin C201™)

PCS Connection Card™
CF2031

PCS Connection Card™ by Sierra Wireless (AirCard® 3300) is also included.

Special Offers: 60-day return offer is only available to businesses that purchase the above advertised PCS Phones and Devices from Sprint and is good through 6/30/04. Offer may not be available in certain markets or sales channels. If your business is not satisfied with an eligible PCS Phone or Device, simply return it, complete and undamaged, to Sprint with a copy of the original proof of purchase within 60 days of purchase. Call PCS Business Solutions at (888) 788-4727 to arrange a return, and a return authorization will be sent to you. Sprint will issue a refund for the net purchase price of the returned PCS Phone or Device by crediting your account. Allow 4-8 weeks for credit to appear. You will remain responsible for all charges incurred prior to the return of the phone (e.g. activation fees, service charges, etc.) If the PCS Service Plan associated with a returned device is terminated within 60 days of PCS Phone or Device purchase, Sprint will recoup any PCS Service Credits provided via applicable termination fees. Termination fees will apply for each line of service that you terminate if you terminate after the 60-day promotional period ends. If no PCS Service Credits were received, the termination fees will be waived. **PCS Vision (Data) Services:** PCS Vision requires purchase of a Vision-enabled PCS Phone or Device. Not available while roaming off the enhanced Sprint Nationwide PCS Network or in certain Affiliate areas. Additional charges apply to PCS Business Connection. Access to and downloading of premium content is not included. **Miscellaneous:** The PCS Connection Card by AirPrime is not compatible with Windows Pocket PCs. All PCS Phones and Devices are subject to availability. Offer subject to change without notice. May not be combinable with other offers. Restrictions apply. **See your PCS Representative for full details.** ©2004 Sprint Spectrum L.P. All rights reserved.
